

CL100 Lever

Handles & locks for sliding doors

This is the most common commercial side handle fitted to the **CL100 Mortice Lock**. It is robust and strong and has a commercial look that matches other commercial handles and locks in most applications.

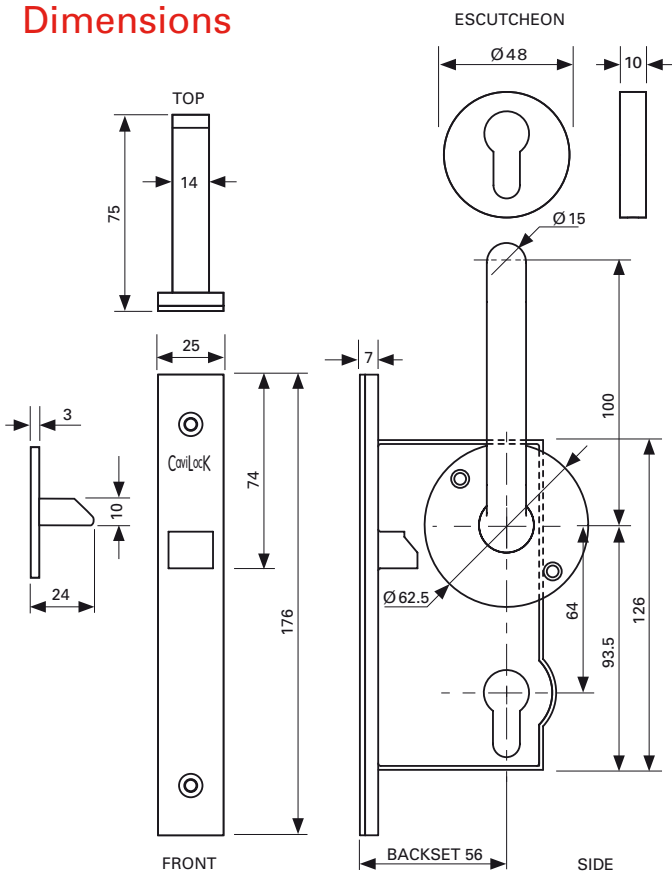

The vertical lever grip enables a positive pull action on even the heaviest doors.

Other lever and rose hardware may be fitted to the side of the CL100 Mortice lock - please contact CS FOR DOORS for information on which handles are applicable.

Construction

Case:	Diecast Zinc
Internal Parts:	Bronze/Brass
Screws, springs etc:	Stainless Steel
Faceplate & striker:	Brushed Stainless Steel or Brass (depending on finish req.)

Dimensions

↑ CL100 Lever with Key Locking fitted to a timber veneer door.

← CL100 Lever with Turn fitted to a timber veneer door.
